

## Easy Chicken & Veggie Bake

### Ingredients:

- Chicken thighs
- Potatoes
- Onions
- And any veggies you have in the fridge like:
  - Sweet Potatoes
  - Broccoli
  - Mushrooms
  - Red/Orange/Yellow Peppers
  - Whole garlic cloves
  - Broccoli
  - Rapini
  - Cabbage

### Instructions:

- Preheat oven to 375 degrees
- Cut all veggies into bite size pieces (1 inch).
- Mix everything in a bowl. Toss with olive oil (1/2 cup), balsamic vinegar (1/2 cup) and salt and pepper to taste.
- Lay all ingredients out evenly on a baking sheet and bake until chicken is cooked (about 40 mins).
- You can add a bit more olive oil and balsamic near the end if things are looking dry.

### Notes:

- If someone doesn't eat meat, just prep it separately and cook it on its own baking sheet.
- Red pepper jelly on the side goes nicely with it.
